Factory People, known for its dynamic influence on nightlife, has expanded into Dubai. They have opened Reunion Club Room in Business Bay. This venue is the latest addition to their multi-room concept, which began with Soul Kitchen. Reunion introduces a fresh, alternative clubbing experience. It merges premium sound with a unique artistic platform for Dubai's music aficionados.

Reunion offers more than just nightlife; it's a creative space for musical discovery and connection. The club features an eclectic lineup, including live performances, DJ sets, and industry-led workshops. It caters to those craving an underground, community-focused ambiance in Dubai's bustling scene. Born in Beirut, the Reunion concept brings its avant-garde spirit to the UAE. The venue delivers an immersive, intimate environment where guests can escape into sound.

Central to Reunion's standout experience is its world-class sound system. This system was meticulously crafted by Dubai-based acoustic specialists, 21dB. Known for their high-fidelity installations, 21dB designed the space with specialized treatments that create a warm, immersive sound. The acoustic environment features absorbing walls, perforated metal finishes, and a ceiling bass trap to fine-tune low frequencies. These elements minimize excess energy and enhance clarity.

With its commitment to superior sound and immersive ambiance, Reunion is poised to become the ultimate destination for Dubai's music-forward community. The doors are open—come experience Reunion. Here, music is more than sound; it's a sensation.
